OTTO ROSENAU & ASSOCIATES INC
Judi Payseno
6747 MARTIN LUTHER KING JR WAY S
SEATTLE WA 98118

Dear: Judi Payseno

Congratulations! Your business has been certified in King County's Contracting Opportunities Program for Small Contractors and Suppliers (SCSs), and your firm has been listed in the SCS Directory. Please visit the following web address: <http://www.kingcounty.gov/exec/BusinessDev/directory.aspx> to ensure your contact information is accurate.

This letter is evidence of your certification and is valid for five years from the date of approval.

Your company SCS (formerly SEDB) certification number is: 905

Date of Approval is: 7/29/2009

The relevant financial condition for recertification in the Program is based on a size threshold for standard business classifications that is set at fifty percent (50%) of the Federal Small Business Administration's current size standards, owners' personal net worth less than \$750,000, and documentation (within one year from date of approval) that verifies the completion of fifteen (15) hours of business training. King County will review your company's eligibility for additional certification five years from the initial date of approval. **You are required to notify our office in writing and within thirty days of any changes in your company profile that may result in your firm being ineligible to participate further in the Program.**

Visit the Program Website at following web address to obtain more information about the Contracting Opportunities Program: <http://www.kingcounty.gov/exec/BusinessDev.aspx> for assistance or further information regarding certification, please contact me in the King County Office of Business Relations and Economic Development Office at 206-205-3443 or email john.trausch@kingcounty.gov

Thanks for your interest in doing business with King County, and your participation in the King County Contracting Opportunities Program.

Sincerely,

John Trausch
